

## **Bill 001**

### **A Bill to Require the Attendance and Votes of All Senators to be Reflected in the Senate Minutes**

**Sponsored by: Senator Michels**

**Co-Sponsored by: Senator Besendorfer, Senator Drauschak, Senator Gehrig,  
Senator Bommer**

*Whereas,*

Article V, Section 3, Clause 3 of the Senate Bylaws details the procedures on voting.

*Whereas,*

The minutes are the record of Senate meetings which reflect the final tally of yeas, nays, and abstentions on every motion, but do not reflect which senators voted in the affirmative, which senators voted in the negative, which senators excused themselves from voting, and which senators were not present to vote.

*Whereas,*

The secretaries of the Senate already tally the yeas, nays, and abstentions of each senator when conducting roll call votes.

*Whereas,*

To ensure transparency between the Student Government Association and the campus community, it is important for students to know exactly how their representatives are choosing to use their power to vote on any given motion; the student body would benefit from having access to a voting record.

*Whereas,*

The secretaries of the Senate already keep a record of attendance and have traditionally published these attendance records in the Senate minutes on the basis of standing practice and not because of any explicit rule or bylaw.

*Whereas,*

Codifying the practice of publishing the attendance record would ensure that the student body has the right to know if their senators are representing them by attending the meetings; the student body would benefit from having access to an attendance record.
