Be it enacted that,

The Catholic University of America Student Government Association Senate, acting in its official capacity as the representative of the undergraduate student Body of The Catholic University of America, hereby requests that the University would limit tuition increases to no more than 2.5 percent per academic year. In addition, the University would set all fees for first year and transfer students at a level deemed to be appropriate by the University which will remain constant for a period up to 5 years. All fees for those students who are not first year or transfer students will remain at the all fees rate for the 2018-2019 academic year. This change would be implemented for the undergraduate student body starting in the 2019-2020 academic year.
