

**Resolution 010**  
**A Resolution to Improve Water Fountains in Residence Halls**  
**Sponsored by: Senator Kilgore**

***Whereas,***

Residence halls on the campus of the Catholic University of America lack modern, filtered water bottle fillers such as the one found in the Pryzbyla Center.

***Whereas,***

The addition of modern water bottle fillers/fountains may make residence living more attractive to students.

***Whereas,***

Traditional water fountain spigots are intended for oral consumption, which contributes to the spread of disease on campus.

***Whereas,***

Traditional water fountain spigots are not conducive to the filling of water bottles, which is cumbersome for students on-the-go.

***Whereas,***

Students could defray the costs of college living by not needing to purchase their own water filters.

***Be it enacted that,***

The Student Government Association Senate, acting in its official capacity as the representatives of the undergraduate student body of the The Catholic University of America, hereby requests that filtered water bottle fillers such as those found in the Pryzbyla Center are installed in residence halls as deemed fit.

Agreed to by a vote of \_\_\_\_\_ yeas to \_\_\_\_\_ nays on this date: \_\_\_\_\_ with \_\_\_\_\_ abstaining and \_\_\_\_\_ not present.
